

SWAPNIL HINGANE

WEB DEVELOPER

Wagholi Pune 412207 | +91 9665943315 | swapnilhingane9290@gmail.com | [Linkedin](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Web Developer with growing interest in IT infrastructure. Skilled in full-stack application development with foundational knowledge of Windows systems and networking concepts. Seeking opportunities to apply my problem-solving skills in technical support roles while expanding my infrastructure expertise.

TECHNICAL SKILLS

Development : HTML , CSS , JAVASCRIPT , JAVA , MYSQL

Tools : Microsoft 365 , Git , GitHub

PROJECTS

Smart Home Gas Detection System

Jan 2023 - Feb 2023

- Using arduino and gas sensors the leakage of gas can be detected
- Very simple and affordable system.

surveillance Robot Car Using ESP-32

Jan 2024 - Present

- Wi-Fi Controlled Surveillance: A robotic car using ESP32-CAM streams live video and can be remotely controlled via a web interface.
- Environmental Monitoring: Equipped with BME680 sensors, it tracks temperature, humidity, AQI, and moisture, viewable through the Blynk app.
- Multi-Domain Use: Designed for defense, agriculture, and industrial applications, offering a scalable and cost-effective surveillance solution.
